HARRIS AERODYNAMIC VEHICLE

US Pat. 3664611 - Filed Dec 17, 1969 - Flight line thrust augmentation is an improvement over prior

 The three positions of the shrouds 24 and 25 are illustrated for (1) cruising (2)) **hovering** or climbing and (3) the intermediate or transition position. ...

Free standing or aircraft lift generator

US Pat. 5035377 - Filed Sep 20, 1988 - Technolizenz Establishment

 The control of the rotational motion of the lifting engine around its 55 center line (vertical axis) in **hovering** flight condition happens by means of ...

Roll control for aircraft, particularly flying barrels, adapted to be driven ...

US Pat. 3987981 - Filed Aug 25, 1975 - Dornier System GmbH

 The exhaust gas jet of the propulsion unit is guided rearwardly at the inside of the tail boom and there serves for the yaw and pitch control in **hovering** ...

Enterprise, stream-based, information management system

US Pat. 6768999 - Filed Jun 26, 2001 - Mirror Worlds Technologies, Inc.

 1, this representation is an index card in a **cascading** flow of overlapping index

cards (called "browse cards"), and the pop-up window is called a "glance ...

Doppler radar for the detection and localizing of helicopters

US Pat. 5081459 - Filed Nov 16, 1990 - Thomson-CSF

 Field of the Invention The present invention concerns the detection and localization of **hovering** helicopters, where this detection has to be .done in a

...

Method and apparatus for multiple source and target object direct ...

US Pat. 5608860 - Filed Mar 4, 1996 - International Business Machines Corporation

 By "**hovering**" icon 68 over icon 66 for a user or system-defined period of time

 ... Similarly, a **cascading** menu or list upon selecting "DELETE FROM SOURCE ...

X-wing helicopter-scout attack configuration

US Pat. 4711415 - Filed Jan 30, 1985 - Northrop Corporation

 Field of the Invention The present invention relates to a single seat aircraft capable of vertical takeoff, landings, and **hovering** operations which utilizes

...

System presenting meteorological information using a browser
